Our Cover

Each year, about 150 hams support communications at the US Marine Corps Marathon. In recent years, the rapid evolution of technology has paved the way for the use of AREDN at the event. In our cover photo, Damon Schaefer, K9CQB, installs the 5.8 GHz sector node — one of three sector nodes that provided coverage for the 2019 marathon — at the Arlington General District Court in Arlington, Virginia. Learn more about the setup in “AREDN at the US Marine Corps Marathon,” by Mark D. Braunstein, WA4KFZ, in this issue. [Mark Braunstein, WA4KFZ, photo]
