## Our Cover

In "Polar Modulation — The Path to High Efficiency," Tony Brock-Fisher, K1KP, describes how he improved the size, weight, and efficiency of HF transmitters. Our cover photo shows the heat efficiency of the polar modulation method — note that though the dummy load is hot, the transmitter behind it has not reached an elevated temperature. A companion piece in the May/June 2026 issue of *QEX* goes into this project in even more detail. [Michael Walker, VA3MW, photo]

QST (ISSN:0033-4812) is published monthly as its official journal by the American Radio Relay League, Inc., 225 Main St., Newington, CT 06111-1400, USA. Volume 110, Number 5. Periodicals postage paid at Hartford, CT, USA and at additional mailing offices.

POSTMASTER: Send address changes to: QST, 225 Main St., Newington, CT 06111-1400, USA. Canada Post: Publications Mail Agreement #90-0901437. Canada returns to be sent to The Mail Group, 1501 Morse Ave., Elk Grove Village, IL 60007.

ARRL Membership and QST cannot be separated. All ARRL members have digital, online access to QST. Print subscriptions are available and sold separately. For ARRL members in the US, a subscription to QST via mail is

\$25 per year. For libraries and institutions, a subscription to QST is available for \$84 per year; single copies \$7.

ARRL Membership is available to individuals at \$59 per year. A reduced rate is available for licensed radio amateurs under 26 years old, for \$30 per year. Membership is available to the immediate family of a member living at the same address, and to anyone who is legally blind, for \$12 per year. A complete list of dues rates is available at [www.arrl.org/join](http://www.arrl.org/join). Foreign remittances should be by international postal or express money order or bank draft negotiable in the US and for an equivalent amount in US funds.
